

SUPREME CONSECRATION FOR GROUPAMA, WINNER OF THE VOLVO OCEAN RACE!

Words are not strong enough to describe the achievement Groupama Sailing Team managed to reach by winning the offshore racing Graal : the Volvo Ocean race. As official supplier of Groupama, ADRENA has participated to this splendid victory adding its contribution to this huge project!

This victory, we were waiting for it, we were willing for it, we were dreaming of it even if we didn't really believe in it because on the sheet, the objective was so ambitious, it supposed to be an achievement, and they did it thanks to their work and their bravery !

ADRENA is proud to work with such a performing team as Groupama Sailing Team, to have been at their side before and during the event.

Since 2005, we spent

years of work, exchanges, developments to build this link between ADRENA and Groupama.

Adrena on board as navigation software, as well for inshore as for offshore racing.

And this historic victory is fabulous for us!

ADRENA is a French company specialised in software edition for navigation and performance analysis.

5 boats out of the 6 racing Volvo Ocean Race, including Groupama were equipped with its navigation software.

The best return we got for this work is that since 2009, Franck and his guys exclusively use

For the Volvo Ocean race stop in Lorient from june 16th to july 1st, Adrena was present on the Brittany offshore racing companies booth to show the French excellence in terms of sports technologies.

The fact that exceptional navigators who are demanding, seeking for performance can meet

tuned industry has enabled the launch of this unique offshore racing network.

The collaboration between competitors and companies enable the first ones to sail the most performing boats of the world and the others to be valued all around the world!

ADRENA is supplying the whole MOD70 and IMOCA for Vendée Globe fleet and also 80% of the Figaros racing Solitaire du Figaro and Tour de France's M34.
