

VENDEE GLOBE 2016 OFFER

The offer is available for clients in Version 13 and with CMap charts in Release 28 minimum

ADRENA provides a specific Vendee Globe 2016 Safety / Assistance Pack.

The Pack includes:

1. An ADRENA safety kit including:
 - **1 rental spare dongle** (software + cartography) with a deposit cheque*.
 - 1 waterproof USB key including:
 - **CMap DVDs of the current Release** at departure time
(In case of technical stopover, possibility to install new charts without any download...)
 - Charts reinstallation kit (Release 28 minimum)
 - Your ADRENA files and settings
2. **Vendee Globe special function** (only for clients in Pro Range): Routing taking into account the loss caused by sail change.
***NB:** in order to benefit from the function, some preparation work has to be done. Therefore, we strongly advise to order it as soon as possible.*
3. **Assistance before the race departure** to check PCs installation:
 - Charts,
 - Last ADRENA version,
 - Competitors file,
 - Installation of the last NT-PC Selector release...
4. Meeting with the skipper for the use of recovery tools
5. **Phone hotline** during the race available for the Team (*Monday to Friday, 9:00 - 12:30 / 14:00 - 17:00*)

All the installations, training... will be held at Les Sables d'Olonne before Vendée Globe departure by appointment with Ronan QUIN-HUARD and/or Michel RODET.

Price: 700 € VAT excl. (+ deposit cheque for the spare dongle*)

*Amount of the deposit corresponding to the value of the skipper's licence (ADRENA licence + CMap charts)
